

1. A radiating pattern is used.
 2. It is a pattern that is created in a circular shape. The shape comes outwards from the centre and moves towards the outside.
 3. Yes it is balanced because the pattern is symmetrical. The colours and shapes used are repeated.
 4. The art elements used are shape, colour and proportion.
 5. Spring. The colours and delicate patterns used reminds one of new buds springing to life.

WORKSHEET 2 -MEMO

1. The name of the magazine and the headings of the featuring articles are normally written in the boldest font.
 2. The other articles that can be found in the magazine are normally written in the smallest font.
 3. The magazine that looks the most serious is the 'New Scientist'.
 4. The magazine that looks the most fun is 'Girls' World'.
 5. 'Girls' World' could be used as it has a fun and playful font.
 6. Invitation- your own interpretation using three different types and size fonts. Colour should also be used to highlight that it's a birthday party invitation.
