

WEEKLY PROGRAMME

28-30 April 2020

GRADE 6

SUBJECT: Mathematics

EDUCATOR: Mrs. Wohlfahrt

Please revise your times tables and division tables daily. Sing them in the shower, say them aloud have a family competition or write them out.

Remember they are essential 😊

Please do all your work in your Maths classwork book. Write the date and heading daily. I will provide the Memorandum on Friday. Mark your work accurately and remember to do corrections in a green pen. **TB** refers to your Mathematics Textbook – Premier Mathematics Grade 6

<u>DAY</u>	<u>CONCEPT</u>	<u>ACTIVITY</u>	<u>RESOURCES</u>
Tuesday 28/04	Numeric Patterns	Patterns occur all around us. Mathematics helps us to describe and understand them. Read the text on pg. 46 of the textbook. Complete Exercises 1 ,2 and 3 in your workbook. You may fill in the answers with a colour pen. Write down a full sentence to describe each rule. (+2 is not enough information)	TB pg.46-47
Wednesday 29/04	Flow Diagrams	A Flow diagram has an <i>input value</i> a <i>process</i> and an <i>output value</i> . Find the missing values in the flow diagrams in Exercise 4. Do not draw the diagram. Draw the tables to help you answer Exercise 5 and 6. The Starting number is the same as the input number, the rule describes the process and the next four numbers are the output values.	TB pg. 47-49
Thursday 30/04	Memorandums	Mark Exercises 1-6 with a green pen.
