

Grade 6 Performing Art

Good day,

Please make sure to answer questions in your classwork book the same way you would do in class. For example, write down the date and heading as well as numbering your questions correctly. Time allocation for activities are 40 minutes for each activity, the same as one period at school. There are approximately 2 activities per week in which you can space out. For example do activity 1 on Monday and activity 2 on Wednesday or Friday. A memo will also be given and corrections should be done. Enjoy and all the best!

Week 2: Time, Space and Force

Activity 1: Improvising movement sequences

Read the information on Time, Space and Force on the first page under week 3 of your textbook then answer these questions in your classwork book:

1. Explain the element of 'Time' in movement.
2. Explain the element of 'Space' in movement.
3. Explain the element of 'Force' in movement.
4. As a fun activity at home, do activity 3 (Create movement sequences) with your siblings or your parents. You may have 3 or more people in your group.

Activity 2: Music Notation

Learning to read and write music is very important during your next few years in the music subject so it is important to keep practicing.

1. In your classwork book, draw the stave and write down the letters of the notes on the lines and spaces. Remember that a stave consists of 5 lines and 4 spaces!
2. What is the note of the third line?
3. What is the note of the last space?
4. What is the rhyme we can use to help us remember the notes on the lines?
