

Week 1 Lesson 3

I. Oral counting: 0 to 40 and 40 to 0

Counting objects:

- Draw 8 circles

-
- Draw 12 squares

-
- Draw 15 triangles

-
- Draw 4 funny faces. Make them look different!
-

2. Put the numbers in order from smallest to biggest.

3 7 1 6

--	--	--	--

17 12 18 10

--	--	--	--

3. Put the numbers in order from biggest to smallest:

11 3 15 20

--	--	--	--

9 2 14 8

--	--	--	--

Remember, you can use your 50 or 100 chart to help you with all of these.

- What is 1 more than 7? _____
- What is 1 more than 9? _____
- What is 1 more than 10? _____

- What is 1 less than 5? _____
- What is 1 less than 6? _____
- What is 1 more than 13? _____

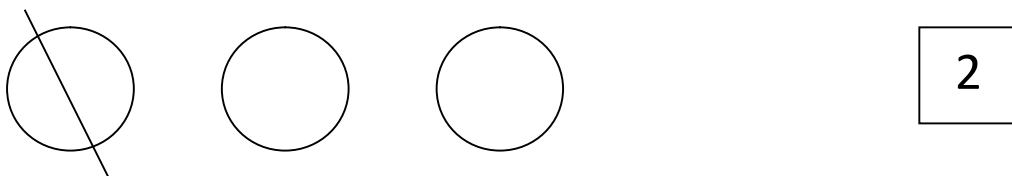

4. Story sums :

These are minus sums so you must take away.
Minus means to take away.

Draw a picture to show how you got the answer, then write the answer in the block.

Here is an example: There are 3 birds sitting on a fence. There is a loud noise and one of the birds flies away. How many birds are left?

Draw your three birds. One flies away, so cross off one. Count how many circles are left and write the answer in the block.

Now try these in the same way:

- Amogelang catches 5 fish. Well done Amo!
His family eats 3 of them for supper.
How many are left?

- Tshego likes stickers . She has 10 to put in her sticker book. But, oh no! The wind blows 4 of them away! Sorry Tshego! How many stickers does she have left?
- Ziyad's mom gave him 7 sweets. He is very kind, so he gave 4 of them to his best friend. How many sweets does he have left?
- There are 10 children in the Grade one class. Today 6 of them are absent. How many are at school today?
- Ndimenhle has 9 marbles. He has 6 blue ones and the rest are yellow. How many are yellow?
