

WEEKLY PROGRAMME

04 - 08 May 2020

SUBJECT: MATHEMATICS

GRADE 5 MATHEMATICS

EDUCATOR: MRS V PRETORIUS

Hi Grade 5s, I hope you are all safe, happy and healthy.

We've discussed how I want the maths work laid out in your classwork books. This includes the work you will be doing from your textbook and the worksheets you will get on D6 communicator.

Remember to:

1. Fold your page in half.
2. Write your date, heading and page numbers.
3. Write out the whole question and/or the whole sum (except word problems, just your working out)
4. Show all your working out. Do not just write answers.
5. Work neatly and accurately.
6. Follow the instructions in the textbook and on the worksheets.
7. Memos will be posted at the end of each week.
8. Do your corrections in green pen, exactly as we always did it in class.

You do not have to print the worksheets. Just copy the questions into your classwork books. You can write your answers in colour if you want to.

Please make sure you complete the following. I will give you extra worksheets on length and for revision so that you can practice your skills. We will go through all the topics again once you are back at school to make sure you understand everything.

Week 3 04/05 – 08/05

- Length pg. 84, 86-88.
- Activities on the worksheet that will be posted for you.

Week 4 11/05 – 15/05 (Exam revision)

- Complete assessments from the textbook pg. 13, 37, 66 & 81.

Remember that practice makes perfect in maths! I miss you all very much and hope that we can be back together in the classroom soon! 😊

Love Mrs Pretorius

<u>DAY</u>	<u>CONCEPT</u>	<u>ACTIVITY</u>	<u>RESOURCES</u>
MONDAY 04/05	Lesson 1 a Length	Length pg. 84, 86-88 (Do not do page 83 and 85) Please complete your textbook work and worksheet activities during the week. Do your corrections for the work on Friday. In your classwork book after you have completed the chapter on Length, copy the questions from the worksheet and complete (you may write your answers in colour). Read through the worksheet carefully for help with your length activities.	Viva Mathematics textbook. Worksheet on Length.
TUESDAY 05/05	Lesson 1 b Length	Length pg. 84, 86-88 (Do not do page 83 and 85) Please complete your textbook work and worksheet activities during the week. Do your corrections for the work on Friday. In your classwork book after you have completed the chapter on Length, copy the questions from the worksheet and complete (you may write your answers in colour). Read through the worksheet carefully for help with your length activities.	Viva Mathematics textbook. Worksheet on Length.
WEDNESDAY 06/05	Lesson 1 c Length	Length pg. 84, 86-88 (Do not do page 83 and 85) Please complete your textbook work and worksheet activities during the week. Do your corrections for the work on Friday. In your classwork book after you have completed the chapter on Length, copy the questions from the worksheet and complete (you may write your answers in colour). Read through the worksheet carefully for help with your length activities.	Viva Mathematics textbook. Worksheet on Length.
THURSDAY 07/05	Lesson 1 d Length	Length pg. 84, 86-88 (Do not do page 83 and 85) Please complete your textbook work and worksheet activities during the week. Do your corrections for the work on Friday. In your classwork book after you have completed the chapter on Length, copy the questions from the worksheet and complete (you may write your answers in colour). Read through the worksheet carefully for help with your length activities.	Viva Mathematics textbook. Worksheet on Length.

FRIDAY 08/05	Memo and marking day	Mark your chapter and worksheet on Length. Write out your corrections in green pen.	Memorandums
