

ART

This week we are going to make our autumn hedgehogs! I want you to go outside and find some autumn leaves you can use for the hedgehog's body. These leaves can be yellow, orange, red and brown. You will need to gather quite a lot to fill the hedgehog's body!

You will need:

A pencil

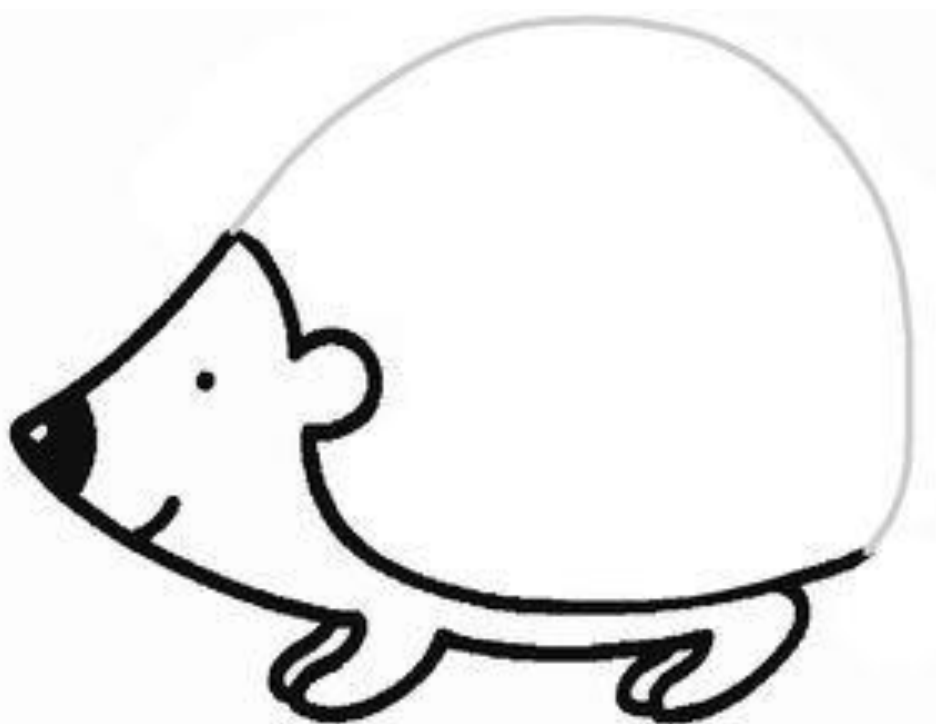

A black or brown colouring pencil

Glue

A piece of paper

Scissors

Step 1 – You will need to draw the hedgehog's body. Here is a picture for you to copy onto your piece of paper. Once you are done cut out your hedgehog.

Step 2 – Go and gather all your autumn leaves for the hedgehog's body. If you can't go outside you can draw the leaves on a piece of paper, colour them in using autumn colours and cut them out, ready to stick them on!

Step 3 – Glue your leaves onto your hedgehog's body. Make sure you stick them down properly!

Your hedgehog should look like this when you are done.

Enjoy yourself and stay safe!
